MEMORY GEMS

Have you had a kindness shown? Pass it on.
'Twas not given for you alone—Pass it on.
Let it travel down the years.
Let it wipe another's tears.
Till in heaven the deed appears—pass it on.

Anonymous

TIMBERLINE STAFF

Back Row: Mr. Tim Lynch, Advisor; Dave Morrison, Janice Olson, Dave Tinney. Middle Row: Dale Davis. Front Row: Don Morrison, Denise Beck, and Don Mullins.

The Timberline Staff would like to give special thanks to Dave Dandurand and the Photography Class for giving their time and efforts taking and developing pictures.

DEDICATION

Mr. Harley D. Hanan

SUPERINTENDENT PRINCIPAL

Dr. Louis J. Powers

Mr. Harley D. Hanan

The shattered water made a misty din.
Great waves looked over others coming in;
And thought of doing something to the shore
That water never did to land before.

The clouds were low and hairy in the skies,
Like looks blown forward in the gleam of eyes.
You could not tell, and yet it looked as if
The shore was lucky in being backed by cliff,
The cliff in being backed by continent;
It looked as if a night of dark intent
Was coming, and not only a night, an age.
Someone had better be prepared for rage.

There would be more than ocean-water broken
Before God's last "Put out the Light" was spoken.

PRESIDENT'S MESSAGE

After twelve years at Q H.S., I have seen a lot of changes. The 1977-78 school year has had the most changes. We have had changes in faculty and in the total atmosphere.

Our athletic department has started a firm foundation to build from in the years to come. The passing of the

hor I evy w~~o~~ improve the appearance of the school and give the students a better environment to work in. The future looks very bright for Q H.S. and I w~~o~~ always remember the past. Good bye good luck and thank you

Don Mullins

A S B President

Principal's Message

GRADUATES

Education succeeds only if the four R's - reading, writing, arithmetic, and RESPONSIBILITY learned during the years of your formal schooling lead to the four P's - Preparation for work, preparation for happy and successful living, preparation for tolerant understanding, and preparation for sensible and mature problem solving. We believe that the school as an institution of learning has helped you as mature seniors in learning the R's and P's and that you are now prepared to accept the responsibility for your actions, whatever they may be.

Whatever your chosen field of endeavor, be it law, logging, nursing, teaching, farming, or secretarial work, we hope that we here at school have helped you to the extent that you are able to do the best possible job in everything you do. With the serious and hard working attitude shown by the seniors, I am sure that you will contribute such in your areas of work and in your neighborhoods.

As seniors you have displayed a very mature attitude regarding all things, especially in the field of academics which is really what school is all about. We are proud of your accomplishments here at school, be they in academics, drama, athletics, work on the annual, work as a teacher's aide, or in art work. You should also be proud of the accomplishments of your class.

Based on your conscientious and respectful attitude I'm sure that a large percentage of you will continue your education at an institution of higher learning and I'm sure that you will make yourselves known in the adult world.

I wish you the best of luck in all respects as you leave our school. We will miss you.

Mr. Harley D. Hanan

SENIOR CLASS OFFICERS

SEATED: Dale Davis Class Representative Denise Beck Vice President Janice Olson
President Tami Collins, Secretary Mark Wilson Treasurer STANDING Advisors Mr
Meixner and Mr. Ellers

The Class of 1978 in 1998.

I was coming home from White Salmon after my day visit with Seattle Slew as I passed under an overpass on Interstate 101 I saw a huge sign saying Welcome Back Denise. That's when I thought of DENISE BECK and of how I hadn't seen her in years.

As I pulled into her driveway I was stopped by security guards. For a minute I thought I was going to see her but finally after pleading and crying, they let me in.

It wasn't long I was in the house I learned that Denise was home from New York and the Metropolitan Opera. As we were talking we got into the subject of our old classmates and how we were going to have a reunion in the near future.

Denise asked first about NANCY GRANDORFF. I told her Nancy and PATSY ELDERS work together. Patsy is the first professional woman basketball player for the new expansion team the Lake Quinault Salmon and Nancy is one of the cheerleaders."

I thought I didn't know anything about our classmates but Denise knew even less. All she kept in contact with was GAIL ERDAHL, JEFF KALAMA, DAVE MORRISON and DON MORRISON but I guess when you are on top you have to stay out of contact with the rest of the world because of security reasons. All of us had known about Dave and Don though as they were President and vice President of the Milky Way. I knew nothing of Jeff or Gail. Denise said Gail's another Picasso only better. She lives in Monaco. Jeff is politically oriented being the mayor of Queets and is now running for Congress. I'm sure he will make it because everyone likes him. Denise replied

I started telling about everyone I knew about. DON MULLINS is married and is the President of the Shakers Union even though there haven't been any trees around Quinault for 10 years. DIANN BECK is a fashion designer in Paris. Oh I know that. Denise replied. She designed some of the clothes I wore in my last opera. She is engaged to a Sheik from Kuwait just like she always wanted to be. MARK WILSON drives cars in a Demolition Derby at QTR. He is going to drive next weekend. LINDA WILSON is a clown in the Ringling Sisters Barnum and Bailey Circus. She performs all over the world and can be seen most recently in Mars. CARL and ROGER ISOM have a trucking company together. They transport hamburgers and shakes to Shannons Shady Shake Shop, owned and operated by SHANNON KEESEE.

DAVE TINNEY is a mad scientist. He thinks there is life beyond this universe. DALE DAVIS is still trying to graduate from Phoenix Institute of Technology PIT. I've heard though he's making good progress and they expect him to graduate in 2 or 3 years. LORI STOKEN is the Home Ec teacher at Humphreys High School. KRIS BARBER and LYNN COLLINS went into the teaching profession also. They direct and teach at Barber and Collins Speed Reading School. They have charter members of MR. MEIXNER and MR. ELLERS. Both coaches still coach only Mr. Meixner coaches at North Shore High School and Mr. Ellers coaches at South Shore High School. And as you may guess both schools at cross town rivals or should I say cross lake. TAMI COLLINS plays the head nurse on the soap opera General Hospital.

Oh I had just heard this morning that VIRGINIA Rutherford was named Miss Roller Derby. Her personal manager is STEVE HALL. He has bookings for her to appear in 37 countries in 14 days.

We, after spending 4 hours here and not getting back home to Quinault I guess I have to get back to White Salmon. I said Why do you have to go there replied Denise. Oh I'm JANICE OLSON Seattle Slew's private physician and he has to have his 10 o'clock pill.

WE LIKE TO GIVE NATURE A HELPING HAND

Growing trees is just like growing any other crop whose products benefit you. Growing a tree just takes longer.

For centuries trees have been grown by nature alone. Now nature is assisted by man. This is tree farming.

ITT Rayonier grows trees as crops. Our tree farms are stocked with trees in all stages of

growth, from seedlings to mature forest giants often hundreds of years old.

We harvest trees, but see to it that these are replaced by natural seeding, or with nursery grown seedling trees. We farm the forests intensively to insure a perpetual harvest of trees.

ITT Rayonier Inc. is a subsidiary of International Telephone and Telegraph Corporation.
